

Smooove Origin 4 RTS

Enlarged Wall-Mounted Controls Offer With Multi-Channels Version

Ref: 1800295

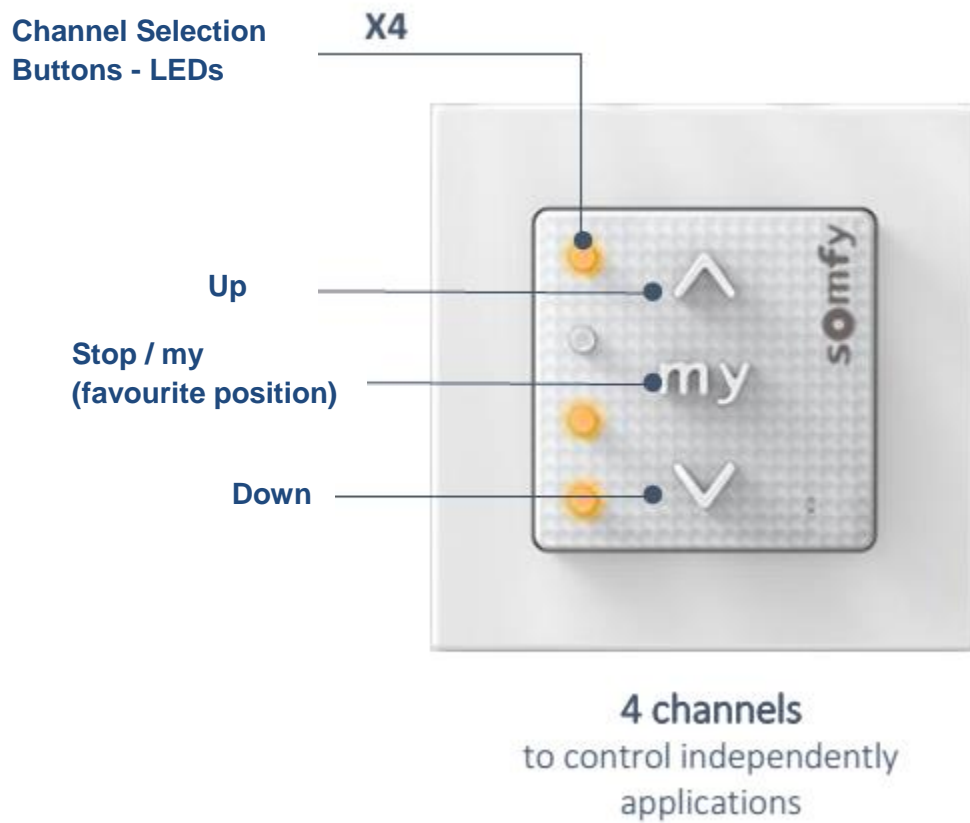

Description

The Smooove Origin 4 RTS offers multiple possibilities to control your applications. With 4 channels, you now have the opportunity to manage your applications by groups.

Thanks to its timeless design and the frame personalisation possibilities, the Smooove Origin 4 can perfectly fit all interior styles.

Designed to be in line with the rest of the Smoove range, you can have seamless consistency between all your wall-mounted controls.

The direct access to functionalities will allow you to select channels as you wish and combine your applications according to your daily needs.
